

Burnhaven School

Transition Policy

1. Rationale

At Burnhaven School, we recognise that transition is a process, not an event. This policy has been devised to ensure that pupils transfer seamlessly through each phase of their education; thus, contributing to a positive learning experience for every child. Care and attention is given to the transition of individual pupils as they transfer to, through and beyond Burnhaven School.

The policy is underpinned by the UN Convention for the Rights of the Child and in particular the following articles:

- This applies to all children (article 2)
- The best interests of the child must be a top priority (article 3)
- Children have a right to an education (article 28)
- A child's education should help their mind, body and talents be the best they can and should build their respect for other people and the world around them. (article 29)

2. Aims

This policy aims to:

- Support children to know Burnhaven School on arrival and the school to which they moving, when moving on.
- Support families to know Burnhaven School.
- Support School staff to know pupils and families to ensure continuity of learning.

3. From Early Years Settings to Burnhaven

We recognise that this is often a difficult transition, as pupils move from nursery where they attend either mornings or afternoons – to full time school. To support both children and parents during this time, we organise several different activities:

- A visit from the Primary 1 class teacher to partnering nurseries, to begin building relationships with the children.
- Visits to Burnhaven school where the children can explore the school and classroom to become familiar with their learning environments.
- Information sessions for parents are organised and carried out before the new term begins in August, usually these take place in May or June. During these sessions, parents are provided with information, which outlines key points such as timings, uniform, and the curriculum.
- At the information sessions, parents and children will be given the opportunity to take home transition learning packs to carry out at home. These can be exchanged at the school office fortnightly during given times.
- In August, pupils and their parents are invited to stay at school for lunch. They will have the chance to try our school meals in the main hall, ready for September when they will attend school full days.
- Once the children have settled in and have become accustomed to school, there will be an opportunity for parents to meet with the class teacher at the 'settling in' parents evening. Here the parents will be given the opportunity to find out how their child has settled in to Burnhaven.

4. Between classes at Burnhaven

Due to the composite nature of Burnhaven classes, movement through classes varies depending on the number of children in each class on the school roll.

All staff know all children very well and work closely to ensure continuity of learning. Where the year group is split then the two teachers plan together. Where children are working ahead or even behind their chronological age, children work in groups in other classes to best meet their needs. Tracking and monitoring procedures follows all pupils throughout their time at Burnhaven. Our curriculum is planned so that classes work together where appropriate.

During the Primary 7 transition days at the academy, any changes in classes also take place at Burnhaven. Teachers plan activities to build coherence within the new class such as “figure me out”, and circle times to ensure pupils feel comfortable with their new teacher. Teachers also meet to discuss specific issues relating to the children at handover such as digital supports, successful strategies and discussion of support plans.

5. From Burnhaven to Secondary Education

Most children move from Burnhaven to Peterhead Academy. Specific transition processes are supported if children move to a different school.

While transition processes vary slightly from year to year, there are a range of opportunities for children to get to know the Academy and the staff and for the Academy to meet the needs of the pupils when they arrive.

- A transition calendar is produced early in the academic year.
- ASL staff meet primaries at the end of the previous session and the start of the academic year to begin the transfer of information about pupils.
- The academy organises classes to ensure that children have some familiar faces from their primary school, but they do not look at friendship groups.
- From January, primary schools put forward names for Enhanced Transition activities which are run by Community Learning and Development.
- In addition to child’s plan meetings, transition meetings between both schools take place, for children who need additional support, to ensure that needs which are met in the primary school continue to be met at secondary school.
- Comprehensive academic and social information is sent from the primary to the academy.
- Guidance teachers and the school counsellor visit the primaries to answer questions, give information and bring school ties.
- Morning or Afternoon sessions in maths or science are offered during school time in March/April. Pupils are accompanied by their class teacher or other primary staff. Photos are also taken for entitlement cards.
- Throughout the academic year Prefects and Teachers offer taster sessions for a range of subjects after school.
- In June, pupils are offered three days in school to follow their timetable.

6. Between schools during the primary school phase

For a range of reasons children may move to another school or join our school at any point during there time at primary school.

Children and families joining our school can expect:

- Friendly communication
- A welcome interview with the Head Teacher
- Support from the administration staff to ensure all channels of communication are open.
- A visit to the school

- A child Friendly School handbook
- A school passport to complete so that the children and families may tell the school about themselves.
- The class teacher or head teacher to contact previous school to develop greater understanding of a child's progress or support needs.
- Time to settle in school, to get to know peers, to get to know teachers and staff with regular updates from the class teacher at the school gate.

Children and families moving to another school can expect:

- Teachers to be in contact with the receiving school to share our understanding and knowledge of a child's progress, needs and social and emotional wellbeing.
- Files to be transferred in a timely manner, including a handover report containing levels in line with the Curriculum for Excellence.
- If the move is planned with sufficient timescales then children will be offered the opportunity to complete a school passport which they may take to the other school to share information about themselves.
- Personal Pupil records are sent by recorded delivery to the receiving school. If schools use Seemis, then electronic files are also transferred. If an electronic transfer is not possible, chronologies are printed and added to PPRs.

7. One School Global

Pupils within the Peterhead Plymouth Brethren Community, who choose to attend Burnhaven, attend Primary One and Primary Two only. They then transfer to [One School Global](#) Calendonia Campus.

The Transition programme is largely provided by One School Global who aim to provide a consistent transition for all their campus in their National Transition Week. We allow children to not attend Burnhaven so that they may attend any sessions this requires in person or virtually.

Contact is made between Burnhaven and One School Global in late May, early June to share learning information about pupil needs and a transition report is also sent with Personal Pupil Records. Meetings are also set up with families as necessary. Personal Pupil Records are sent on to the school during the summer holidays.

Children are given the opportunity to complete a passport to share information about themselves and their families with their new teachers.

8. Involvement with stakeholders

In the creation of the policy the view of families who have come to Burnhaven during the academic year in the past three years have been sought.

A survey regarding what P1 transition should look like during Covid – 19 was also used.

The Head Teacher held a meeting with the head of junior school at One School Global in January 2021.

9. Agreement and Review

10. Documents

- Transition Report (Appendix 1)

- Passport for joining or moving away from Burnhaven during the academic year.
- Pupil Friendly School Handbook
- Checklists for pupils joining or moving away from Burnhaven during the academic year.
- Head Teacher interview questions for children joining the school during the academic year, including questions for specific educational needs.

Burnhaven School Transition Report

Tracking Report for: Stage: Month Year

Numeracy and Mathematics (Including Application)	
Literacy – Reading (Decoding and comprehension)	
Literacy – Writing (composition, spelling and grammar)	
Literacy- Listening and Talking	
Health and Wellbeing	

1 – significant support needed, 2 – some support needed, 3 – On Track, 4 – moving ahead, 5 – Significantly ahead

Attitude to Learning	
-----------------------------	--

Next Steps

Numeracy and Mathematics (Including Application)	
Literacy – Reading (Decoding and comprehension)	
Literacy – Writing (composition, spelling and grammar)	
Literacy- Listening and Talking

Children's Information Sheet

School hours

Current opening times:

9am – 10.30am
 10.30am – 10.45am (Break)
 10.45am – 12.15pm
 12.15pm – 1.15pm (Lunch)
 1.15pm – 3.15pm

School uniform

The school colours are navy and grey. For more uniform guidance please see the School Handbook which is available at burnhaven.aberdeenshire.sch.uk.

We encourage comfortable clothing that can be easily changed every day, and which are suitable for being outside. We plan to engage in more outdoor learning. Whilst we do have outdoor suits for younger children, we ask that older children have outdoor clothes, including changes of socks and shoes/wellies kept in school for using when required

P1 will be supplied with a book bag and a gym bag, given by the parent council.

Lunch / Snack

Previously you would take home with a school menu so that you could look at the lunch choices. Instead, lunch menus are sent home electronically to view together and so that you can come to school prepared knowing the options available. You then order online in class. P1-4 receive free school meals.

We will offer a tuck shop service. However, this is not back up and running yet, so you should take a small snack for break time. One snack is sufficient for break times.

What you will need:

You may bring a pencil case – this should be kept in school and not be brought back and forth so please make sure you will not need any of the resources for use at home. Please be aware that a pencil case is not essential and that the school does provide resources.

You should take a labelled water bottle to school and will have access to this in class. These can be refilled in class. Please ensure that it is only water provided and not juice.

You may bring juice to drink at lunchtime and breaktimes if you wish but not in the classroom.

Learning

At Burnhaven we try to make learning interesting and engaging so we use the outside and our new STEM classroom. We will use a mixture of child initiated, adult initiated learning activities. Some children have individualised programmes. We plan different learning for different children.

You can find lots of information about what we do at Burnhaven on the school website
