

# A Haven Where Futures Begin

## Our Vision

Here at Burnhaven School we are a family. As with our own families, we want our children to be empowered to be themselves and to grow into their full potential.

As such, Burnhaven School's vision is to become a Haven which is a safe environment where children can thrive, encouraging each other to be the best they can be.

We strive to prepare our children for their futures by providing engaging teaching and learning experiences which develop skills for life.

## Our Aims

We aim to:

- Ensure that every member of our Burnhaven family is welcomed and heard.
- Provide quality learning experiences which foster curiosity for life-long learning.
- Encourage children to step out of their comfort zones and build their resilience.
- Offer a nurturing environment where children are encouraged to work together and support each other, recognising and celebrating each other's unique qualities.

## Our Values

**Respect, Effort, Kindness, Trust, Honesty**

Our children discussed what these will look like, sound like and feel like in our school.

## The Burnhaven Learner

**Tries hard, plays and experiments, takes risks, tries new things, listens carefully, avoid distractions, never gives up.**

motivated Burnhaven family

sense of achievement

focus

appreciation

hard work

What does effort look like?  
Sound like?  
Feel like?

trying your best
